

Three-Phase Liquid-Filled Pad Mounted Transformer

Our three-phase liquid-filled pad mounted transformer is a dielectric fluid-filled, distribution transformers specially designed to improve power performance while reducing weight and enhancing quality, safety and sustainability.

This commercial distribution transformer specifically designed for handling underground distribution loads for utility, renewable energy and commercial and industrial applications.

Our design, tested in accordance with industry standards, provides a cost-effective solution and ensures safety and environmental protection. Our padmount solutions offer the following benefits:

Our padmount solutions offer the following benefits:

- Space saving, compact design
- Easy to install with low maintenance
- Serves a wide range of industry applications

APPLICATIONS

- Utility
- Data Centers
- Commercial & Industrial
- Energy Storage
- Solar Power
- Wind Power

KEY SPECIFICATIONS

- Power range: 75 kVA – 5000 kVA
- Voltage level: Up to 34.5 kV
- Quality system ISO 9001 certified
- UL Listed
- ANSI, IEEE, NEMA, CSA and DOE standards
- Visit website for current lead time

About Us

At JST Power Equipment, we pride ourselves on delivering world-class transformer and electrical equipment solutions. The key to our success is the ability to provide quality products with speed and precision through the dedication of our talented team.

For over 30 years, we've evolved to become an innovator in the electrical industry and we work hard to design and build our products to the highest quality standards. And as we look toward the future, we're continuously investing in our technology, facilities and people to engineer the best solutions in the industry and create more value for our customers.

At JST we're more than a manufacturer, we're transforming the future of power.

WHERE YOU CAN FIND US

North America

- Orlando, FL USA
 - Switchgear
 - Outdoor substation breakers
- Wytheville, VA USA
 - Liquid-filled, three-phase padmount transformers
- Nogales, Mexico
 - Cast resin dry type transformers
 - Switchgear
 - Materials, components, and sub assemblies

Asia

- Surabaya, Indonesia
 - Substation power transformers
- Klang, Malaysia
 - Liquid-filled, padmount transformers
 - Switchgear
 - Outdoor substation breakers
- Tongxiang, China
 - VPI transformers
- Guilin, China
 - Unit substations
 - Cast resin dry type transformers
 - Materials, components, & sub assemblies
- Haikou, China
 - Materials, components, and sub assemblies
 - Cast resin dry type transformers
- Shanghai, China
 - VPI transformers
 - Switchgear
- Wuhan, China
 - Cast resin dry type transformers
 - Substation power transformers
 - Materials, components, and sub assemblies
- Yangzhou, China
 - Liquid-filled, padmount transformers
 - Outdoor substation breakers
 - Switchgear
