

Three-Phase Liquid-Filled Pad Mounted Transformer

**POWER
EQUIPMENT**

Our three-phase liquid-filled pad mounted transformer is a commercial distribution transformer specifically designed for handling underground distribution loads for utility, industrial and commercial applications.

Our design, tested in accordance with industry standards, provides a cost-effective solution and ensures safety and environmental protection.

APPLICATIONS

- Utility
- Data Centers
- Commercial & Industrial
- Energy Storage
- Solar Power
- Wind Power

KEY SPECIFICATIONS

- Quality system ISO 9001 certified
- ANSI/IEEE and NEMA standards
- Power range: 75 kVA – 5000 kVA
- Voltage level: 34.5 kV and below
- UL Listed
- Approximate lead time: 30 weeks after drawing approval

About JST Power Equipment

At JST Power Equipment, we pride ourselves on delivering world-class transformer and electrical equipment solutions. The key to our success is the ability to provide quality products with speed and precision through the dedication of our talented team.

For over 30 years, we've evolved to become an innovator in the electrical industry and we work hard to design and build our products to the highest quality standards. And as we look toward the future, we're continuously investing in our technology, facilities and people to engineer the best solutions in the industry and create more value for our customers.

At JST we're more than a manufacturer, we're transforming the future of power.
